AN EXCLUSIVE EVENING – 100 YEARS IN THE MAKING

AN EVENING OF BLUE REVERIE & TIMELESS ELEGANCE

Join us as a member of the Centennial Society of the Boys & Girls Clubs of Greater Tampa Bay for our most anticipated affair—a glittering celebration marking 100 years of impact, and the bright century ahead.

Step into an era of refinement and revelry, where vintage glamour meets modern purpose. Enjoy an immersive evening of live music, graceful dancing, and stories that illuminate the legacy we've built—and the futures we're shaping together.

We invite guests to don elegant tones of blue—from deep navy to shimmering sapphire—in honor of the Boys & Girls Clubs' iconic colors. Blue is more than a theme; it's a visual symbol of unity, trust, and the bright promise of every youth and young adult we serve. Your presence in blue weaves you into that story.

Toast the Legacy. Be the Patron of Promising Tomorrows.

Because when Club kids shine, the whole community ascends.

CENTENNIAL VISIONARY HONOREE

Glenn Permy

Glenn Permy's Boys & Girls Club story began more than 70 years ago, when he first walked into the West Tampa Boys Club as a first grader. His father worked part-time at the Club, his older brother was already a member, and that first visit sparked what would become a lifelong calling to serve young people.

From Club kid to staff member to President of the Boys & Girls Clubs of Tampa Bay, Glenn led with vision and heart, growing the organization from three to sixteen sites and ensuring thousands of children had a safe place to learn and belong. His impact reached even further during his time as Senior Vice President with Boys & Girls Clubs of America, where he helped open new Clubs across the country and abroad, while mentoring leaders and shaping programs that still serve youth today.

The Permy family's commitment to the Clubs spans generations, and Glenn continues to honor that legacy today as President of the Boys & Girls Clubs of Greater Tampa Bay Foundation. His legacy is measured not only in the buildings and programs he helped create, but in the generations of young people and families whose lives have been changed by his belief that every child deserves the opportunity to succeed.
