

CELEBRATING 100 YEARS OF IMPACT

A century of belonging, hope, & possibility

Celebrating a century of greatness, the Boys & Girls Clubs of Greater Tampa Bay has been a cornerstone of opportunity for young people in our community. The journey began in 1926, when the Rotary Club of Tampa Bay established the first West Tampa Boys Club — a safe haven where youth could learn, grow, and thrive. Across the Bay, that same spirit took root in 1959 with the founding of the Boys Club of Pinellas Park, which later became the Boys & Girls Clubs of the Suncoast after officially welcoming girls in 1991. Though each organization evolved independently, both shared one unwavering belief: that every child deserves a place to belong and a pathway to a brighter future.
